

## Client Server Messaging Security for Small and Medium Business

### Integrated Protection from Internet Threats

Trend Micro™ Worry-Free Security Solutions automatically protect data and resources against increasingly sophisticated Internet threats, 24/7.

Trend Micro™ Client Server Messaging Security for Small and Medium Business helps businesses:

- Protect confidential data from theft or modification
- Keep office computer and networks threat-free and available
- Prevent inappropriate content from distracting employees and harming productivity

When tested against competitors, this centrally managed “set and forget” solution requires less time and effort to deploy to PCs, Microsoft™ Windows™ servers, Microsoft™ Small Business Servers, and Microsoft™ Exchange email servers.
